He said his mount was not travelling well in the going and as the pace had been genuine he was reluctant to place his mount under full pressure so far from home. He added that inside the 600m he got off the rail but as he was still inside the heels of BRIDLE STAR he was held up briefly in the early part of the straight before switching across heels whereby SEIRAWAN ran home solidly. A post-race veterinary examination of COLIN THE BRAVE did not reveal any abnormalities.
